WINE FEATURE

SWARTLAND Chenin/Grenache Blanc

White RHONE style blend

"Sadie Family" Sequillo Cellars '09

98.00

THE REGION

Swartland is located in South Africa and has a warm dry climate. Eben Sadie thinks nothing of co-planting different varieties in the same soil, and believes that the influence of oceans, of which the Cape has two in close proximity, should lead South African winemakers to create blends for complexity rather than to rely on making single-varietal wine.

COLOUR OF THE WINE

The wine is clear, day bright with gold reflections. It has a healthy concentration and a touch of viscosity.

ON THE NOSE

The wine is clean, with good intensity and notes of ripe red apple, a citrus medley, tangerines, pink grapefruit, candied pineapple, dried apricots, orange and jasmine blossom as well as honey.

ON THE PALETTE

The wine is dry with a touch of residual sugar and good levels of acidity. It delivers delicate stony minerality, flavours of grilled pine nuts, subtle oak both new and old, juicy white peach and chamomile.

The wine is complex with a long finish.

ENJOY WITH

This wine matches well with our main courses of pork, barramundi or tagliatelle.

RED BY THE GLASS
