## 'HOT DOGS' IN ATLANTIC CITY CARRY DRUGS TO ADDICTS

ATLANTIC CITY, N. J., July 9.—A novel method of peddling narcotics by placing a small envelope containing drugs in the slit of a hot frankfurter sandwich, was discovered here today when Detectives Cuneff and Gilbert arrested Percy Crosby and Edward Steward, colored, lunch wagon vendors.

"The detectives noticed a run on the sausage-wagon and unusual sales totals on the cash register. Closer Inspection revealed the method of selling drugs. The men were held for the Federal authorities."

If a hot dog has never sent you into a state of frenzy, you're about to experience something pretty damn special. At run amuk, we go crazy for high quality, locally made bratwurst sausages, in fact, nothing else will do. We're talking 70% pork, 30% beef and a wild blend of herbs and spices. All meat is sourced from WA farmers and our bratwurst sausages are free from artificial colours, flavours and preservatives plus they're gluten free.

When it comes to driving you wild, our chutneys, relishes, produce and cheeses are the best thing since moonshine. They are the highest of quality, freshest of fresh and as local as your mate down the road.

Vegetarians don't despair: you can choose to have any dog on the menu with one of our vegan sausages. They are handmade locally using organic, gluten free ingredients. If that ain't dangerously good, we don't know what is.
